MAR 7 - 1932

BRANCH

GROWING STATIONS THROUGHOUT AMERICA

Quality Seeds For Quality Dealers

CONTINENTAL SEED CO.

Wholesale Seed Growers

TOLEDO, OHIO, U. S. A.

GROWING STATIONS
in
Ohio, Michigan, Wyoming, Colorado, Idaho and California

It will be the constant aim of this company to produce only stock of the highest possible quality, stocks which will not only win us the confidence of the trade, but also retain that confidence. We will also offer from time to time new and improved types of vegetables when their merit or need has been proven.

The prices in this list are those prevailing on date of issue and are subject to change without notice. We are, however, always pleased to name firm prices on special quotations on large quantities at any time.

Our prices are for delivery f.o.b. cars at Toledo, Ohio, unless otherwise specified, and in many cases we may be better able to serve our customers by direct shipment from our Colorado or other western growing stations. Boxes, barrels and bags are charged extra at cost and are not returnable.

To those of our customers who use sufficient quantities and can anticipate their requirements, we are glad to quote low contract prices on stocks to be grown the coming season, provided we have their orders prior to making our plantings.

TERMS: At the prices herein named our terms are net cash 60 days from date of invoice, or a discount of 1½% will be allowed for cash within ten days. Bills purchased on contract, growing orders or on special quotations made on large quantities are always acceptance due net 60 days from date of invoice, or subject to a discount of 1½% for cash in ten days. Cash or satisfactory reference must accompany orders from unknown correspondents.

We give no warranty, express or implied as to description, quality, productiveness or any other matter connected with the goods we send out, and we will not be in any way responsible for the crop.

CONTINENTAL SEED COMPANY

In telegraphing, please use our CODE on third page of cover. Our telegraph cipher words should be used in TELEGRAMS ONLY —not in orders by mail.

"Quality has no Substitute"

WE ARE pleased to report the addition to our staff of Mr. Guy Morse, the pioneer radish seed grower of Michigan, who for upwards of thirty years has supervised the transplanting and growing of radish seed for an Eastern seed house, who, through Mr. Morse's experience and painstaking care were successful in building up a radish seed business second to none, serving the trade not only in America, but abroad as well.

It shall be our aim not only to keep these stocks up to the high mark Mr. Morse set for his stocks but to improve upon them wherever possible.

Our stocks of such critical varieties as Scarlet Globe, Saxa, Sparkler, etc., will receive special attention

A Trial Order will convince
Samples gladly submitted

CONTINENTAL SEED COMPANY

D. D. ROWLANDS, *President*
Formerly of Associated Seed Growers

CHAS. P. GUELF, *Vice-President*
Formerly of Jerome B. Rice Seed Co.

C. A. SKELLIE, *Secretary* D. SMEAD BERRY, *Treasurer*
Formerly of the Staff of Jerome B. Rice Seed Co.

TO OUR FRIENDS IN THE TRADE:

It has been suggested by a friend that a suitable caption for the Continental Seed Co., should read "Old Friends in a New House," for the reason that, while the Continental Seed Co., is a *new* concern in name, it is, as far as its personnel is concerned, *old* in experience, acquaintance with the seed trade and in the knowledge of seed production.

In the establishing of our business at Toledo we brought with us an experienced and well trained office, sales and production force, and acquired some of the best field men to supervise the production of our crops, and believe we are, as now equipped, in position to fulfill our intention to produce seeds of only the highest possible quality.

Our planting stocks are of the best obtainable and we are very sure the resulting crops will be unsurpassed in quality and trueness to type.

In selecting Toledo as a distributing center, we believe we are located in a city with shipping facilities second to none for reaching the greatest number of seed dealers in America, having direct railroad service to all principal cities of the East, South and West, and believe that we can render a service on rush orders which will merit an increased business from year to year.

We simply submit a price list this year in order to get our prices before the trade in season but plan to present a real up-to-date descriptive wholesale price list another season.

Soliciting a share of your patronage, we remain

Yours very truly

CONTINENTAL SEED CO.

TELEGRAPHIC CIPHER OR CABLE CODE
FOR WEIGHTS

The telegraphic cipher word for **quantities** must always **precede** the cipher word for seeds. In telegraphing us use first the word indicating how shipment is to be made: by **Mail, Express** or **Freight,** then give your quantity code word, followed by the cipher for seed wanted, thus:

"Mail Abduct Squeeze Abate Caballer," would mean mail at once five pounds Improved Hubbard Squash and two pounds All Head Early Cabbage. **"Express Able Puffing freight Active Peak,"** would mean to express at once ten pounds Quaker Pie Pumpkin and ship by freight 250 pounds Little Marvel Peas. Where the same quantity is wanted of several items use the word **ditto,** thus: **"Express Abide Raging ditto Rajah Raccoon Rambling,"** which we would understand meant to express you at once eight pounds each of these Radishes: Sparkler White Tip, Scarlet Globe, Early Scarlet Turnip and Icicle.

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

IMPORTANT.—This telegraphic cipher must be used ONLY on orders by telegraph or cable, and never in written orders sent by mail.
